

UNIFORM COLOR COMPANY®

The Perfect Match

*Featuring the **COLOR TECHNOLOGY™** line of specialty color concentrates*

CT Granite™ *Rock On...*

The **CT Granite™** line of color concentrates offer a wide range of earthy and natural appearances. Speckle and fiber additives, as well as special flow modifiers can be used to achieve mixed-color looks ranging from camouflage to granite to marble. A wide range of unique and eye-catching elements can be utilized to meet your special design needs.

CT Granite™ products can be formulated for varying usage rates depending on the application and resin. These formulations can be used in clear, translucent or opaque thermoplastic resins. Most CT Granite™ products can be formulated to be FDA compliant.

*Looking for that not-so-plastic plastic?
Nature inspired ingenuity will make your plastic rock.*

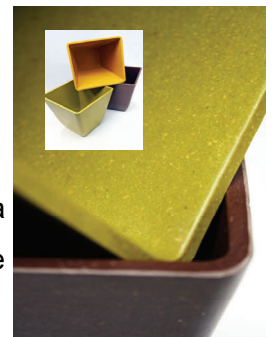

Design Services
