

The Perfect Match

UNIFORM COLOR COMPANY®

Featuring the **COLOR TECHNOLOGY™** line of specialty color concentrates

CT Metal™ *Life's Beautiful in Metallic*

The **CT Metal™** line of color concentrates offer a unique effect that will allow your product to stand out. Bold metallic looks ranging from brushed or anodized metal in gold, silver and bronze, to various colored liquid effects can be achieved. CT Metal™ can be used to create a complete metallic design or act as an accent to compliment almost any color.

CT Metal™ products can be formulated for varying usage rates depending on the application and resin. These formulations are ideally suited for clear and translucent thermoplastic resins. Most CT Metal™ products can be formulated to be FDA compliant.

*There's nothing cold about this metal.
Bring bold and beautiful into your life by making it metallic.*
