

Not So Heavy
Color & Effects

Metal

The Metal line of color and effects offer a unique metal look effect that will allow your product to stand out. Bold metallic looks ranging from brushed or anodized metal in gold, silver, bronze, and copper, to various colored liquid metal effects can be achieved. Metal can be used to create a complete metallic design or act as an accent to compliment almost any color.

Application Suitability

Polymer: Best effect in transparent and near transparent grades (Clarified PP, PET, PMMA, SAN, PC, GPPS, Transparent ABS)

Applications: Metal Replacement, Automotive, Lawn & Garden, Appliances, Packaging & Containers, Housewares, Sporting Goods, Jewelry, Toys, Tools, Sports Equipment, Electronics

Processing: Suitable for most applications, Minimizing shear can maximize the effect.

Color+™ Options: Indirect Food Contact or FDA requirements, low flow line technologies

Expect: Brushed Metal to Lustrous metal like colors. High Opacity. Ask about our unique hammered metal effect as a unique variation. Tool design and formulary techniques can be utilized to minimize flow lines.
